

**LIST OF FULL TIME BACHELOR, SPECIALIST AND MASTER
PROGRAMS IN 2015-2016 ACADEMIC YEAR**

№	Program	Degree
1	Agronomy (35.03.04), profiles “Agronomy”, “Plant Protection”, “Horticulture”	Bachelor
2	Land management and cadasters (21.03.02), profiles “Land management”, “Urban cadaster”, “Land assessment and monitoring”, “Real estate cadaster”	Bachelor
3	Food products from plant raw material (19.03.02), profile “Fermentation technology and wine production”	Bachelor
4	Product technology and catering arrangement (19.03.04)	Bachelor
5	Ecology and environmental management (05.03.06), profile “Land management”	Bachelor
6	Landscape architecture (35.03.10)	Bachelor
7	Animal science (36.03.02), profile “Livestock production technology”, “Animal nutrition and fodder technology”, “Animal breeding, genetics and selection”	Bachelor
8	Processing and production technology of agricultural products (35.03.07), profiles: “Processing and production technology of plant products”, “Processing and production technology of animal products”, “Storage and processing of agricultural products”	Bachelor
9	Veterinary medicine (36.05.01), profile “Veterinary pharmacy”	Specialist
10	Veterinary and sanitary expertise (36.03.01), profile “Veterinary and sanitary expertise of food products”	Bachelor
11	Agroengineering (35.03.06), profile “Technical systems in agribusiness”, “Technical service in agribusiness”, “Technical equipment for storage and processing of agricultural products”, “Electrical equipment and electrical technologies in agriculture”	Bachelor
12	Exploitation of transport and technological machines and systems (23.03.03)	Bachelor
13	Power engineering and electrical technology (13.03.02), profiles: “Electricity supply”, “Electrical equipment and electrical facilities in enterprises and organizations”	Bachelor
14	Economics (38.03.01), profiles: “International economics”, “Economics of enterprises and organizations”, “Finance and credit”, “Accounting”, “Taxes and taxation”	Bachelor
15	Management (38.03.02), profiles: “Production management”, “Human resource management”, “Small business management”	Bachelor
16	State and municipal management (38.03.04), profiles “Regional management”, “Municipal management”	Bachelor
17	Business informatics (38.03.05), profile: “Enterprise architecture”	Bachelor
18	Trade Science (38.03.06), profile “Commerce”	Bachelor

19	Informational systems and technologies (09.03.02), “Informational systems and technologies in business”	Bachelor
20	Economic safety (38.05.01), profiles: “Finance and credit organizations for bank servicing for government agencies providing state security”, “Financial accounting and control in law enforcement authorities”	Specialist
21	Service (43.03.01), profile “Service in hotel, restaurant, tourist, sport and resort facilities”	Bachelor
22	Tourism (43.03.02), profile “Tour operator and travel agency activities”	Bachelor
23	Ecology and environmental management (05.04.06)	Master
24	Economics (38.04.01)	Master
25	Finance and credit (38.04.08)	Master
26	Management (38.04.02)	Master
27	Applied informatics (09.04.03)	Master
28	Agronomy (35.04.04)	Master
29	Agroengineering (35.04.06)	Master
30	Animal science (36.04.02)	Master
31	Land management and cadaster (21.04.02)	Master
32	Power engineering and electrical technology (13.04.02)	Master

There is also the **Preparatory Department for Foreign Citizens** and **Center of Russian language** for international incoming students.
